Volume 45, Issue 21

### Holdup Characteristics of Gas-Non-Newtonian Liquid Flow through Helical Coils in Vertical Orientation. A. B. Biswas and S. K. Das\*

Page 7291. Equation 16 was published with an error in it. A minus sign is missing from the first superscripted term. The correct equation should appear as follows:

$$\alpha_g = 1 - \exp[-0.094Re_1^{-0.658 \pm 0.038} Re_g^{0.67 \pm 0.016} N_{pl}^{-0.162 \pm 0.011} \times (D_t/D_c)^{0.188 \pm 0.048}] \quad (16)$$
